

### **REMARKS**

This Amendment is being submitted to correct a typographical error in claim 10. No other changes are sought, and the amendment to claim 10 presents no new matter.

The word "set" in the preamble to claim 10 was mistakenly presented as "se" in Amendment D filed by the Applicants on December 31, 2008. That amendment presented claim 10 as follows: "A method of controlling traffic flow in a load-sharing redundancy group comprising a se of gateway devices including a first gateway device and a second gateway device which forward packets sent from hosts, the method comprising: . . . ." The context makes clear that the word "set" was intended. In addition, the word "set" was used in the preamble to claim 10 in the prior amendment, Amendment C, filed by the Applicants on August 11, 2008.

A Notice of Allowance has been received in the above-identified application, and the issue fee has not yet been paid. Accordingly, the Applicants hereby respectfully request that on recommendation of the Examiner and approval by the Director that this amendment be entered.

If there are any questions with regard to this matter, please do not hesitate to contact the Applicants' undersigned attorney at the number set forth below.

Respectfully submitted,
